University of Utah
School of Computing

CS 4960   **Project #1**   **Spring 2016**

Due Jan 21, 2016 at the start of class

Hello World of CGAL

- Install CGAL on your computer or run CGAL from the CADE Linux Lab

- Get the CGAL codes to run found under Hello World at
  http://doc.cgal.org/latest/Manual/introduction.html

- Print the Screen Output in a PDF and submit it through the Canvas system.

CGAL is available at: http://www.cgal.org/

Please contact me (beiwang@sci.utah.edu) or TA Vikram at (vikram.raj@utah.edu) for questions regarding the project.
